Eureka! is a five-year summer and school-year program for girls interested in STEM (science, technology, engineering and math) fields.

The Eureka! program supports girls in 8th grade through high school graduation, preparing them for the next step in their education after high school.

Youth build friendships with girls from all over the Twin Cities and explore career interests and dreams. They also experience monthly enrichment events and activities during the school year.

Girls eligible to apply are current 7th graders (8th graders in Fall 2021) with an interest in STEM and commitment to a five-year program.

Girls participate in swimming lessons, sports, field trips, STEM labs (led by U of MN college professors and students), internships, hands-on activities and personal development.

Snacks and lunches are provided. Monetary stipends available for those who complete the program.

The program is **FREE. Apply today!**

Eureka! Program Impact

96% of Eureka! participants believe YWCA Minneapolis Girls Inc. has helped them think about their future

98% of Eureka! participants say they have an adult who believes they will be successful

98% of Eureka! participants plan to attend college

YWCA Minneapolis Girls Inc. is committed to providing the comprehensive Girls Inc experience to girls, including those who identify as girls regardless of their assigned sex at birth. We welcome youth who identify as girls, transgender girls and non-binary individuals.

Apply Today

We strongly encourage all interested families to apply. Applicants will be notified by email about the status of their application. Interviews will be conducted in late March.

Applications due Friday, March 12, 2021.
Late applications will not be considered.

For an application and more information, visit us online at ywcampsls.org/girlsinc or contact YWCA Minneapolis Girls Inc. at 612-215-4369 or girlsinc@ywcampsls.org
